

AQUARIUM CONTROL SYSTEM A SEA OF SOLUTIONS FOR YOUR AQUARIUM

THE NEW AQUATRONICA AQUARIUM CONTROLLER

Aquatronica presents the new Aquarium Controller look. Its new more modern and functional design, and many functions and applications make the Aquarium Controller not only a true furnishing item, but an essential tool for controlling an aquarium as well.

The Aquarium Controller is the heart of the Aquarium Controller System, an easy-to-use modular electronic system that allows you to manage every electrical appliance in a fresh or salt-water aquarium and to monitor its parameters.

The Aquarium Control System is unique because it can be set up according to the needs of the user. Aquatronica, in fact, provides a complete range of products and accessories for creating an ample but versatile system.

So dive into a sea of solutions! Choose Aquatronica!
